

calico::sensors::Gyroscope
Model

```
graph BT; A[calico::sensors::GyroscopeScaleAndBiasModel] --> B[calico::sensors::GyroscopeModel]
```

The diagram illustrates a class inheritance relationship. A light gray box at the bottom represents the base class, 'calico::sensors::GyroscopeScaleAndBiasModel'. A dark gray box at the top represents the derived class, 'calico::sensors::GyroscopeModel'. A blue arrow points from the base class box to the derived class box, indicating that the derived class inherits from the base class.
